

Lifelong Learning

Education in Nishihara continues into adulthood. The local community center offers a variety of courses for adults, including Tai Chi, ballroom dance, Yoga, English, and a monthly Women's Seminar. In addition, there are local sports teams that village members can join. These classes and activities improve the quality of life for all villagers, encouraging members of the community to live healthier, happier lives.

Education

There are two elementary schools and one junior high school currently located in Nishihara. Once they reach high school, students usually attend school in the nearby town of Ozu. The village schools fall under the jurisdiction of the board of education, and all schools strive to instill in their students a strong academic and social foundation.
